PLEASE SUBMIT THIS FORM WITH YOUR PROPOSAL

Objectives of Certificate Programs: Certificate programs are viewed as vehicles for combining courses with common base or interest from one or more disciplines into an area of concentration available for selection by students. Successful completion of a Certificate Program will be entered on a student's transcript.

Certificate Types:

Academic Certificate - awarded by an academic unit to a student at the time of the awarding of his/her Bachelor's degree, or upon completion of the appropriate course work to a student who already has a Bachelor's degree. No academic certificate shall be awarded to a student who either does not possess a Bachelor's degree or does not complete a Bachelor's degree program. An academic certificate is to be interdisciplinary in nature, to the greatest extent possible.

The certificate program must consist of a minimum of 18 semester hours of credit.

Professional Certificate - awarded by an academic unit to an individual who completes the appropriate course work in the area of concentration. Two distinctions are made between the professional Certificate and the Academic Certificate:
